## Dynamite Explosion, Tewksburg, Mass.—The Man who Poured Nitric Acid on the Powder

## The Horror At Macaulay

Harry Caldwell, Surveyor, Was Sole Victim of the Terrible Tragedy.

Further Particulars Which Developed Yesterday Regarding the Explosion.

Coroner's Jury Returns a Verdict of Death from Accidental Causes.

The victim of the horrible tragedy which took place on the little pile of rocks lying to the west of Macaulay point, was Harry Caldwell, a surveyor, who was about 30 years of age, and who had been an invalid for some time, having left the hospital but two days prior to the ending of his life in such a terrible manner. In yesterday morning's Column it was stated that the victim was believed to be Caldwell, and that his son might also have been a victim of the tragedy—no son of the campers in the vicinity stated positively that they had seen two men on the rock, and for the reason that a cap and straw hat were both found. Yesterday morning developed the fact that Caldwell was the sole victim, and those who spoke of seeing two men on the island were evidently mistaken. It was shown that Caldwell had both cap and straw hat in his possession when he left Jones' boat house. A bill addressed to him by Dr. Ernest Hall for services rendered to one of his children, together with a pocket book containing \$8 in bills and some silver, were found on the body of the victim. Caldwell, and his son, Mrs. Berkeley, who is camping at Kanaka ranch—the two orphaned children of the victim of the dynamite, one six and the other nine years of age, being with her—describes the clothing worn by the deceased, which compared with the fragments recovered, shows without doubt that Caldwell was the victim—and it is now also shown that he was the sole victim.

A coroner's jury of six good men and true yesterday stated that Caldwell came to his death by the accidental discharge of the dynamite he had taken with him to the island. It also developed yesterday that Caldwell had been a sufferer from spinal trouble for some time, and had come from the hospital but two days before his death. His wife, Mrs. Berkeley, had seen him on Monday evening on Government street, and when she left him at 6 o'clock at the corner of Yates and Government street on that evening, he was quite cheerful and spoke of going to Chemainus to see Mr. E. J. Palmer, of the Chemainus mills, from whom he expected to procure employment, the doctor having stated that the dynamite he had taken with him to the island, he had taken with him to the island. He also developed yesterday that Caldwell had been a sufferer from spinal trouble for some time, and had come from the hospital but two days before his death. His wife, Mrs. Berkeley, had seen him on Monday evening on Government street, and when she left him at 6 o'clock at the corner of Yates and Government street on that evening, he was quite cheerful and spoke of going to Chemainus to see Mr. E. J. Palmer, of the Chemainus mills, from whom he expected to procure employment, the doctor having stated that the dynamite he had taken with him to the island, he had taken with him to the island.

C. T. Jones, the boatman, tells of how deceased went to the lighthouse at 7 a.m., carrying the miner's pack bag, which was found near the body. This was rolled up, presumably containing the dynamite. He put the bag in a room at the boat house and went away. At 8 o'clock he returned and secured a boat. He asked that a small extra pair of socks be put in "for the boat," stating that his boy could row, and he intended to go out fishing. He was wearing the cap, which was found on the top of the stretcher, which had been taken out of the boat and placed upright in a cleft of rock. As he left the boat house he clung the cap for a straw hat. This circumstance explains why two pieces of headgear were found, and why the cap was intact.

No person seems to have seen the dead man again other than the campers who saw him on the rock, and no one has been found who spoke with him. Mrs. Colby, Mrs. Smith, Miss Maloney, R. W. Price, H. McIntyre, R. Sedgwick, (Continued on Page Eight.)

## LIPTON'S CAPTAINS MATCH THEIR WITS

Masterly Handing Shown in Contest For the Windward Position.

Atlantic Highlands, N. J., Aug. 5.—Capt. Winge, of Shamrock III, and Capt. Bevis, of Shamrock I, got into a hot contest in today's race of the two boats off Scotland lightship, and the masterly fashion in which the clever skipper handled the big races delighted Sir Thomas Lipton and Capt. McKinsley, of the Teutonic, and Capt. Bertman F. Hayes, of the Arabia, his guests, as well as the British company. Capt. Winge, who has yet to discredit Sir Thomas' word that he is the best of Great Britain's skippers at getting a coveted position at the start, sent the challenger over the line with the old boat under her lee for a ten-mile beat to windward and a run home on a rattling 22-knot breeze from the southeast. The conditions were the old boat's best chance, and Capt. Bevis, who had been by the lee-footed challenger. Then he whirled Shamrock I, about on the other tack. Capt. Winge followed, and again blanketed Bevis' craft. Shamrock I, promptly tacked again, and just as promptly the challenger whirled about. Seven tacks they made in three minutes, each time Shamrock III, holding the old boat under her lee. The seventh time Capt. Bevis got aboard on his boat, while the challenger was tacking away, and Shamrock I, slipped through the challenger's lee and got her wind on a starboard beam, but she was still to windward. Shamrock III was still to windward, and soon overhauled her opponent, and the latter had to tack again. Capt. Winge did not follow, but gave his attention to getting to the turning mark. Up to that time the old boat had been on her own well, but afterward she rolled, and dropped astern, and was beaten by 2 minutes and 27 seconds elapsed time at the turn.

Shamrock home to the finish line. In such a breeze the old boat ought to be at her best, yet the cup hunter scored almost five minutes to her victor, an astonishing performance.

VALE LONDON NEWS.  
London, Aug. 5.—(Special)—The News, which has been, since its inception in 1845, an independent newspaper, will go out of business August 15. It has been bought by the Free Press and Advertiser Companies for \$10,000.

ANOTHER NEW YORK FAILURE.  
New York, Aug. 5.—The firm of Hurlbut, Hatch & Co., whose assignment was announced in the stock exchange this afternoon was composed of John Hurlbut, E. S. Hatch, board member, and J. F. Smith. The partnership was formed September 1, 1899. An assignment was made to Henry B. Dechem, a lawyer of the firm of Reid, Eberlyne & Dechem, of 35 Wall street.

C. P. R. IMPROVEMENTS.  
Construction Company to Erect Large Works at Winnipeg.

Winnipeg, Aug. 5.—(Special)—Manitoba Construction Company, which is composed of Winnipeg's leading contractors has secured the contract for extensive shop improvements to be made by the Canadian Pacific Railway Co. in their yards here. The work includes passenger, express, locomotive shops, freight shops, machine shops and stores department.

CHAMBERS OF COMMERCE.  
Special Train to Be Provided for Trip Across Canada.

Montreal, Aug. 5.—(Special)—A special train to the disposal of the delegates to the Chambers of Commerce of the Empire for their tour across the continent, instead of attaching extra cars to the regular trains, as was the first intention. A large number of delegates will leave England on the steamers Canada and Bavarian next week.

MR. WHITAKER WRIGHT.  
Arraigned in London and Released on Quarter of Million Bail.

London, Aug. 5.—Whitaker Wright, the promoter and director of the London & Globe Corporation, Limited, was arraigned at the Guildhall Police Court this afternoon and was remanded after the formal evidence of his arrest had been taken. He was released on bail of \$250,000; himself providing \$125,000, and three securities guaranteeing the remainder.

WIRELESS TELEGRAPHY.  
First International Congress Convened in Berlin.

Berlin, Aug. 5.—The first international congress of wireless telegraph convened by the Imperial post office today. Forty-four delegates attended, representing Germany, Russia, France, Italy, Austria-Hungary, Spain and the United States. The congress was called upon Germany's invitation with the avowed purpose of agreeing on international regulations to control the operation of wireless telegraph systems and prevent any one system getting a monopoly. The proceedings are secret.

## More Money For Provinces

Premier Laurier Not Adverse to Meeting This Old Demand.

Quebec Liberals Mildly Lured for Their Dereliction of Duties.

Grand Trunk Pacific Scheme to be Taken Up on Tuesday.

From Our Own Correspondent.

Ottawa, Aug. 5.—Quebec Liberals are pressing the government to grant at the present session the increase in provincial subsidies asked for by the conference of local premiers held in Quebec last autumn. It is said Premier Laurier and Hon. Mr. Fitzpatrick are both adverse to meeting the wishes of the Quebec followers, but that Hon. Mr. Fielding is adverse to any such raid upon the treasury this session. At the conference last night the Finance Minister endorsed the opportunity of mildly lecturing the Quebec Liberals on their lack of attention to their duties, and suggested that they should be more assiduous in their attendance upon the sitting of the House. Judging by the few Quebec Liberals who have lately been seen within the precincts of parliament the hint was not without warrant.

By a vote of 110 to 40 the House tonight declared Mr. Loy, the member for Beauharnois, to be guilty of breach of the independence of parliament act by reason of selling a piece of land to the government, and this notwithstanding the fact that two months before the land was sold by Mr. Loy to Johnston, of the Montreal Public Works department, notified Mr. Loy that they were purchasing the site from Johnston. The crisis occurred wildly when Mr. Loy took his seat.

The Grand Trunk Pacific incorporation bill was considered for an hour but did not pass. An amendment by Mr. Power to compel the Grand Trunk to pay the full value for \$25,000,000 of the common stock of the Grand Trunk Pacific was negatived.

Resolutions providing for the retirement of judges were discussed on both sides of the House, which also warmly approved the suggestion to augment the judicial salaries. Hon. Mr. Fitzpatrick said he would not vote for this, but "one thing at a time." The present proposal, however, would have a beneficial effect. Premier Laurier told Mr. Borden to-night that the "peaceful" commissioners would be instructed to state the scope of their commission on their arrival at Dawson. He asked if the opposition would be prepared to take up the transcontinental railway question tomorrow. Mr. Borden replied that it would be quite convenient except that the delegates asked for last Thursday had only been just presented. There would not, therefore, be time to investigate them and he thought next Tuesday would be more convenient.

## ANNUAL BRITISH NAVAL MANOEUVRES

Two Mighty Fleets Engage in Mimic War for Supremacy.

London, Aug. 5.—War was declared today between the home fleet, under the command of Admiral Wilson, commander-in-chief of the Channel squadron, and the Mediterranean fleet, commanded by Admiral Drouville. The annual British naval manoeuvres thus commenced are regarded as the most interesting yet devised by the Admiralty. Altogether 26 battleships and 42 cruisers will be engaged in a presumed contest for the command of the sea between two maritime countries.

CHAMPION DEFAULTS.  
R. F. Doherty Unable to Meet W. A. Larned.

Boston, Aug. 5.—A default by one of the British players and a decisive defeat for one of the American contestants made the first day's play for the international lawn tennis challenge cup at Longwood Cricket Club not only dull, but disappointing. It was announced that R. F. Doherty had given up his match with W. A. Larned because of a strained shoulder. The other brother, H. L. Doherty, defeated the American player, R. D. Wrenn, in straight sets, 6-0, 6-3, 6-4. The British team had the option of playing its spare man, H. S. Mahoney, in the place of R. F. Doherty, but that Doherty's place in the double tomorrow, playing with H. L. Doherty, and a close contest is anticipated with the Wrenn brothers.

## Canada Favors Chamberlain

Lord Strathcona Thinks Dominion Can Trust to His Judgment.

No Reason Why U. S. Should be Consulted in Fiscal Matters.

New Pacific Cable Will Face Heavy Deficit on Year's Work.

Montreal, Aug. 5.—The Star's London cable says: Lord Strathcona admitted that the Daily Graphic admits that Canada will not be willing to lightly surrender her fiscal independence, but denies the necessity and says: "The new fiscal arrangements will be settled after careful consideration. Statesmen on either side of the Atlantic cannot see why business men anxious to come to a good agreement should not be made of mutual benefit to Canada and Britain alike."

Lord Strathcona added that he believed that throughout Canada today there exists the greatest confidence in Mr. Chamberlain. "Canada believes in him, and trusts his judgment and ability," he said. Official advice from the Imperial Treasury, published in Australia, show that the Pacific cable is expected to have to face a loss of \$1,000,000 on March 31 next. The expenditure for the first year while the line was under construction was \$800,000, of which Canada pays \$145,000. The estimated loss on the current year of \$400,000 makes a total deficit of \$1,000,000.

It is officially announced that Hon. Edward Blake has resigned his appointment as the Alaska Boundary Commission. The resignation was accepted by the serious nature of his illness.

Every second cabin berth on steamers leaving for Canada are engaged right up till September. Those who are going to Canada via New York.

The Canadian emigration office has not received a single letter of complaint from bare colony immigrants. Those placed in newspapers bear no names.

WIND KILLS ONE MAN.  
St. Louis, Mo., Aug. 5.—One man was killed and a general shower of long storm from the World's Fair buildings during a storm today. It is said three or four of the injured will die.

MARK HANNA ON THE LABOR TROUBLE

As Chairman of Civic Federation Took Part in Many Settlements.

Cleveland, Aug. 5.—United States Senator Hanna in an address devoted to explanation of the purpose of the Civic Federation, of which he is chairman, delivered before the members of the Cleveland Builders' exchange said in part: "Since the organization of the Civic Federation the working people have been vigorous as never before, and so has the employer. The wage-earners although, thought to themselves are now getting our share of the prosperity."

"I must admit that in many cases they were not. We aim to remedy that condition where there is a difference of opinion between employer and employee by bringing them together. The Federation does not act as a board of arbitration. We only want to make it possible to get the employer and the employer together to adjust their troubles."

"We have been instrumental in settling nearly 100 strikes in two years. The only failure of an importance was in the great anthracite strike. I made a proposition to the mine owners to settle the strike on a basis of five per cent. advance to the miners and they refused. The arbitration board appointed by President Roosevelt gave the miners more than twice as much. If our offer had been accepted, it would have saved the country \$200,000,000."

Senator M. A. Hanna
